

## THE SHEALEY LAW FIRM, LLC

### Complete Criminal Defense

For almost a decade, Luke Shealey has been zealously defending citizens charged with crimes in courtrooms throughout the state. His passion and unrivaled commitment to his clients has allowed him to achieve exceptional results in court, and this has been reflected in the uncanny amount of not-guilty verdicts earned in cases ranging from murder to DUI. In 2015, Shealey was

honored to have secured a life sentence for his first death-penalty client as well as argue before the South Carolina Supreme Court on issues of stand-your-ground immunity.

In 2013, Shealey and his twin brother, Brian, formed The Shealey Law Firm, LLC, with the objective being to provide clients with a true criminal defense team. With a collective approach to defending clients and an emphasis on early defense investigations, Luke and Brian Shealey have been able to achieve maximum results for their clients in court and at the negotiating table. Regularly defending clients against the most violent allegations, the Shealeys have successfully sought immunity under the Protection of Persons and Property Act, as well as consulted and been a reference for other attorneys in this new area of law. The Shealey Law Firm, LLC strives to provide powerful representation and its attorneys' vast courtroom experience allows them to achieve maximum results.
